Contact Your Legislator TODAY!

[SB 227, the Access to Primary Care bill](#), crafted by the Medical Society of Delaware with Sen. Bryan Townsend and Rep. David Bentz will be heard in the House Health and Human Development Committee THIS Wednesday, June 20th. This legislation will stem the tide of decreasing access to primary care by setting Medicare rates as a reimbursement floor. They are currently 65-85% of Medicare. This bill gives Delaware vital time to craft necessary mechanisms to create a robust primary care system in Delaware.

The Medical Society of Delaware encourages physicians to join their colleagues Wednesday, June 20th at 3pm at Legislative Hall in Dover to attend a critical House Health Committee hearing for SB 227. For effect, don't hesitate to wear your white lab coat. Your voice WILL make a difference!

Please also contact the House Health and Human Development Committee and tell them to vote **YES to Senate Bill 227**.
